PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, under the authority vested in it by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Fair Political Practices Commission will consider the proposed regulations at a public hearing on or after **October 8, 2009**, at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m.** on **October 6, 2009**.

BACKGROUND/OVERVIEW

Government Code Section 82028 defines a gift as any payment that confers a personal benefit on the recipient, to the extent that consideration of equal or greater benefit is not received. Tickets to entertainment events provide an inherent personal benefit and qualify as gifts unless consideration of equal or greater value is provided. Recently, the Commission has adopted changes to the "Gifts to Agency regulations," (Regulations 18944.1 and 18944.2) and added Regulation 18944.3.

Proposed new regulation 18944.4 completes the process of addressing potential gifts made by or through an agency to that agency's employees. In this case, the new regulation applies to employee raffles, providing that prizes won by employees in such raffles are not gifts to the employee unless the payment was donated to the agency from an outside source or the raffle does not serve a valid public purpose. If the payment was donated from an outside source, that source is the donor of the gift and the agency is the intermediary. The gift is valued at the market value less any consideration paid by the employee. The regulation further provides that an item won in a raffle is not a gift to the winning employee if the item was donated by an agency employee.

Additionally, the proposed amendment to Regulation 18944.3 would clarify that the provisions of the regulation are intended to apply only to payments made from the agency's own assets.

REGULATORY ACTION

Amend 2 Cal. Code Regs. § 18944.3: The Commission may consider proposed changes to Regulation 18944.3 clarifying that the provisions of the regulation apply only to agency assets (items acquired with agency funds) and not to items provided from an outside source.

Adopt 2 Cal. Code Regs. § 18944.4: The Commission may consider adopting proposed Regulation 18944.4 addressing agency raffles by providing that a payment made by an outside source and used in the raffle is a gift by that source to the employee. Conversely, the regulation provides an exception to the definition of gift for payments that have been donated by another agency employee.

SCOPE

The Commission may delete provisions, adopt the language noticed herein, or choose new language to implement its policy regarding agency raffles under Regulation 18944.4 and payments to agency officials under Regulation 18944.3.

FISCAL IMPACT STATEMENT

Fiscal Impact on Local Government. This regulation will have no fiscal impact on any local entity or program.

Fiscal Impact on State Government. This regulation will have no fiscal impact on any state entity or program.

Fiscal Impact on Federal Funding of State Programs. This regulation will have no fiscal impact on the federal funding of any state program or entity.

AUTHORITY

Government Code section 83112 provides that the Fair Political Practices Commission may adopt, amend, and rescind rules and regulations to carry out the purposes and provisions of the Political Reform Act.

REFERENCE

The purpose of this regulation is to implement, interpret, and make specific the procedures for valuing gifts to nonprofit and political fundraisers.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, under the authority vested in it by Section 83112 of the Government Code proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Fair Political Practices Commission will consider the proposed regulation at a public hearing on or after **October 8, 2009** at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m.** on **October 6, 2009**.

BACKGROUND/OVERVIEW

The Political Reform Act (Government Code Sections 81000-91014) requires that public officials who make or participate in the making of governmental decisions file statements of economic interests where they disclose relevant economic interests. (Sections 87200 et seq. and 87300 et seq.) There are two categories of filers.

The first category of filers, governed by Sections 87200 et seq., includes most high-ranking elected officeholders (sometimes referred to as "statutory filers") which include elected state officers, judges, members of certain state commissions, heads of local governments, and those who manage public investments, and candidates for any of the elected offices in this category.

The second category of filers, governed by Sections 87300 et seq. covers all other positions in an agency "which involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest. . ." (Section 87302(a).) Persons who hold these positions are generally referred to as "designated employees" because their positions are designated in an agency's conflict-of-interest code, which most governmental agencies are required to adopt and promulgate. (Section 87300 and Section 82019 [defining "designated employee"].) These positions, and their respective disclosure requirements, are listed in each agency's conflict-of-interest code.

Generally new agencies have six months to adopt a code (Section 87303) while agencies which experienced changed circumstances must amend their codes within 90 days. (Section 87306.)

The proposed regulations set interim disclosure requirements relating to consultants, new employees, or employees who are promoted and whose specific positions are pending designation in their agency's conflict-of-interest codes.

These changes are proposed in order to clarify a decision-making employee's interim reporting obligations pending the code amendment process. Under the proposed changes, new employees, promoted employees, and consultants who make or participate in the making of decisions are required to file under the broadest disclosure category in the agency's conflict-of-interest code until the agency amends its code to include the specific new positions. The agency may also set interim disclosure that is more tailored to positions with a limited range of duties.

REGULATORY ACTION

The Commission will consider the following:

Adopting 2 Cal. Code Regs. Section 18219 which for purposes of Section 82019 defines the term "designated employee" to include a consultant as defined under Regulation 18701(a)(2) and an employee in a new position that the agency determines makes or participates in the making of decisions and whose specific position is pending designation in the agency's conflict-of-interest code.

Adopting 2 Cal. Code Regs. Section 18734 which specifies that designated employees who make or participate in the making of decisions must file interim disclosure statements under this regulation.

Subdivision (b) which requires that persons covered by the regulation shall file under the broadest disclosure category in the agency's conflict-of-interest code until the agency amends its code to include the new positions. This subdivision allows the agency head or his or her designee to set interim disclosure that is more limited, and tailored to positions with a more limited range of duties.

Subdivision (c) states that records pertaining to positions that file under this regulation are public records and must be retained for the public's inspection in the same manner and location as the agency's conflict of interest code.

Subdivision (d) specifies the time for filing, requiring persons specified in the regulation to file an initial statement within 30 days of assuming office and to file annually in the same manner and location specified in the agency's conflict-of-interest code until the agency amends its code to include the employees' positions.

Subdivision (e) specifies that any statement filed under the regulation is deemed to satisfy the requirements of Section 87302(b), which requires that an initial statement or annual statement be filed.

Subdivision (f) clarifies that nothing in the regulation shall be construed to exempt any agency from complying with provisions of Section 87306.

Subdivision (g) specifies that the regulation shall be effective January 1, 2010.

SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or related issues.

FISCAL IMPACT STATEMENT

Fiscal Impact on Local Government. This regulation will have no fiscal impact on any local entity or program.

Fiscal Impact on State Government. This regulation will have no fiscal impact on any state entity or program.

Fiscal Impact on Federal Funding of State Programs. This regulation will have no fiscal impact on the federal funding of any state program or entity.

AUTHORITY

Government Code Section 83112 provides that the Fair Political Practices Commission may adopt, amend, and rescind rules and regulations to carry out the purposes and provisions of the Political Reform Act.

REFERENCE

The purpose of these regulations is to implement, interpret, and make specific Government Code Sections 82019 and 87300 et seq.

TITLE 16. CALIFORNIA BOARD OF OCCUPATIONAL THERAPY

NOTICE IS HEREBY GIVEN that the California Board of Occupational Therapy (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a

hearing to be held at the Department of Consumer Affairs, Hearing Room, at 2005 Evergreen Street, Sacramento, CA 95815 at 10:00 a.m., on October 26, 2009. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office not later than 5:00 p.m. on October 19, 2009, or must be received by the Board at the hearing.

The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the action substantially as described below or may modify such action if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified action will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the action.

Authority and Reference: Pursuant to the authority vested by section 2570.20 of the Business and Professions Code, and to implement, interpret or make specific section 2570.28, the Board is proposing changes to Division 39, Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Current law states that the protection of the public is the highest priority for the Board of Occupational Therapy in exercising its licensing, regulatory and disciplinary functions. *Section 4175. Minimum Standards for Infection Control* is hereby added to Title 16, Division 39, Article 8, Ethical Standards Of Practice. This section specifies and clarifies guidelines and standards of practice to be followed by occupational therapists and occupational therapy assistants while treating patients. Sections 2570.28(p) et seq. of the Occupational Therapy Act sets forth grounds for discipline as knowingly failing to protect patients from transmission of blood-borne infectious diseases.

Section 4175 establishes industry-accepted Standard Precautions which expands the existing blood-borne infection control guidelines to include body fluids, secretions, excretions, non-intact skin, and mucus membranes which may contain transmissible infectious agents. Standard Precautions are also intended to protect patients/clients by ensuring that occupational therapy personnel do not carry infectious agents to patients/clients on their hands or via equipment used during delivery of occupational therapy services. Standard Precautions must be used in the care of all patients/clients, regardless of suspected or confirmed infection status, in all settings in which occupational therapy is delivered.

By adding these specific Standard Precaution guidelines the Board is also identifying additional grounds for potential disciplinary action for failure to follow these industry-accepted standards of practice designed to protect patients and occupational therapists and occupational therapy assistants.

The proposed language establishes guidelines for proper hand hygiene, personal protective equipment, respiratory hygiene/cough etiquette and patient/client care equipment, instruments, devices and environmental care as well as requiring practitioners to adhere to the most current guidelines and standards published by federal, state and local and other regulatory and accrediting agencies.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Non-discretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Sections 17500–17630 Require Reimbursement: None

Business Impact: The Board has made an initial determination that the adoption of this regulation would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: None

Impact on Jobs/New Businesses:

The Board has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulation would affect small businesses.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative considered by it or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposal described in this Notice.

TEXT OF PROPOSAL AND INITIAL STATEMENT OF REASONS AND INFORMATION

The Board has prepared an initial statement of reasons that sets forth the reasons for the proposed action and has all the information upon which the proposal is based.

TITLE 16. VETERINARY MEDICAL BOARD

NOTICE IS HEREBY GIVEN that the Veterinary Medical Board is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the **San Diego Zoo in the Rondoval Room, San Diego, California, at 10 a.m. on Wednesday, October 21, 2009.**

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office not later than 5:00 p.m. on Wednesday, October 19, 2009 or must be received by the Board at the hearing.

The Board upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 4808, 4846.1, and 4849 of the Business and Professions Code, and to implement, interpret or make specific Sections 135, 851, 4800, 4830, 4841.5, 4846, 4846.1, 4846.2, 4848, and 4849 of said Code, the Board is considering changes to Division 20 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 4808 authorizes the board to adopt, amend, or repeal such rules and regulations as are reasonably necessary to carry into ef-

fect the provisions of the Veterinary Medicine Practice Act.

The Board is proposing various amendments to update its address; remove a fixed exam filing date because the Board now offers its examinations in a computer based format with continuous testing; repeal sections that have a past sunset date; update form numbers; clarify the timeframe requirements for taking the licensing examinations; eliminate duplicative information; adding Western University at Pomona as an exempt veterinary college in California consistent with authority granted in 4830(a)(5) of the Business and Professions Code, to recognize the repeal of Government Code section 15376 and to clarify existing law.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Sections 17500-17630 Require Reimbursement: None

Business Impact:

The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

AND

The following studies/relevant data were relied upon in making the above determination: None

Impact on Jobs/New Businesses:

The Veterinary Medical Board has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business:

The Veterinary Medical Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Veterinary Medical Board has determined that the proposed regulations would not affect small busi-

nesses because they pertain to licensing examination requirements for individual licensees.

CONSIDERATION OF ALTERNATIVES

The Veterinary Medical Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS AND INFORMATION

The Veterinary Medical Board has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

TITLE 16. VETERINARY MEDICAL BOARD

NOTICE IS HEREBY GIVEN that the Veterinary Medical Board is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the **San Diego Zoo in the Rondoal Room in San Diego, California, at 10 a.m. on Wednesday, October 21, 2009.**

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office no later than 5:00 p.m. on Monday, October 19, 2009, or must be received by the Board at the hearing.

The Veterinary Medical Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text.

With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 4808, 4842.5, 4873 and 4905 of the Business and Professions Code, and to implement, in-

interpret or make specific Sections 4842.5, 4873 and 4905 of said Code, the Veterinary Medical Board is considering changes to Division 20 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 4808 authorizes the board to adopt, amend, or repeal such rules and regulations as are reasonably necessary to carry into effect the provisions of the Veterinary Medicine Practice Act.

Section 2070

Existing regulations authorize the Board to collect fees to carry out its mandate and to maintain an adequate balance in the contingency fund. These proposed regulatory changes would increase fees for the Veterinary Medical Board as follows:

1. (a) The purpose of this regulation is to increase the veterinary applicant eligibility fee from \$100 to \$125.
2. (b) The purpose of this regulation is to increase the fee for the California state board examination from \$150 to \$200.
3. (c) The purpose of this regulation is to increase the fee for the veterinary law examination from \$50 to \$100.
4. (d) The purpose of this regulation is to increase the initial license fee for veterinary licenses issued for one year or more from the date on which they will expire from \$250 to \$325 and to increase the initial registration fee for less than one year from \$125 to 162.50.
5. (e) The purpose of this regulation is to increase the biennial renewal fee for licensing periods beginning on or after July 1, 2010 from \$250 to \$325.
6. (f) The purpose of this regulation is to increase the fee for a temporary license from \$125 to \$150.
7. (g) The purpose of this regulation is to increase the initial registration fee for a veterinary premises (hospital) from \$100 to \$225.
8. (h) The purpose of this regulation is to repeal the initial and renewal fees to become a Board approved continuing education provider.
9. (i) The purpose of this regulation is to increase the annual renewal fee for registration of a veterinary premises from \$100 to \$225.

10. (k) The purpose of this regulation is to adopt a minimum fee of \$2,000 for participants in the Board's Diversion Program.

Section 2071

1. (a) The purpose of this regulation is to increase the application eligibility review fee for candidates applying for the California registered veterinary technician examination from \$100 to 125.
2. (b) The purpose of this regulation is to increase the examination fee from \$150 to \$175.
3. (c) The purpose of this regulation is to increase the one-year or more initial registration fee for veterinary technicians from \$100 to \$175 and to increase the initial registration fee for less than one year from \$50 to \$87.50.
4. (d) The purpose of this regulation is to increase the biennial renewal fee for registered veterinary technicians from \$100 to \$175.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Sections 17500-17630 Require Reimbursement: None

Business Impact:

The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Impact on Jobs/New Businesses:

The Veterinary Medical Board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business:

The cost impact that a representative private person or business would necessarily incur in reasonable compliance with the proposed action and that is known to the Veterinary Medical Board is increased fees for examinations, licensing, for license renewal and for premise registration.

For CSB exam candidate passing the examination on the first attempt, the increase would be \$125.
 For RVT exam candidate passing the examination on the first attempt, the increase would be \$ 50.
 For a veterinarian the increase for an initial license and the biennial renewal would be \$ 75.
 For an RVT the increase for an initial license and the biennial renewal fee would be \$75.
 For a person who pays the annual registration fee for a veterinary premise the increase would be \$125.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Veterinary Medical Board has determined that the proposed regulations would affect small businesses in that the fees for registration of veterinary hospitals are increased; however, the increase is not a significant impact.

CONSIDERATION OF ALTERNATIVES

The Veterinary Medical Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS AND INFORMATION

The Veterinary Medical Board has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the Veterinary Medical Board at 2005 Evergreen Street, Suite 2250, Sacramento, CA 95815 or at www.vmb@dca.ca.gov.

TITLE 23. STATE WATER RESOURCES CONTROL BOARD

NOTICE OF INTENTION TO AMEND A CONFLICT OF INTEREST CODE

NOTICE IS HEREBY GIVEN that the State Water Resources Control Board intends to amend its conflict of interest code pursuant to Government Code Sections 87300-87302 and 87306. These amendments are limited to the designated employees list in the Appendix to the code. The amendments will designate additional positions and rename positions held by employees who must disclose certain investments, income, interests in real property and business positions, and who must disqualify themselves from making or participating in the making of governmental decisions affecting those interests. The amendments will also delete positions that no longer exist.

A written comment period has been established commencing on September 4, 2009 and terminating on November 4, 2009. Any interested person may present written comments concerning the proposed code amendment no later than November 4, 2009 to the State Water Resources Control Board, 1001 I Street, Sacra-

mento, CA 95814, Attention: Nathan Jacobsen, Office of the Chief Counsel. No public hearing on this matter will be held unless any interested person or his or her representative requests, no later than 15 days prior to the close of the written comment period, a public hearing.

The State Water Resources Control Board has prepared a written explanation of the reasons for the designations and the disclosure responsibilities and has available all of the information upon which its proposed amendments are based.

Copies of the proposed code amendments and all of the information upon which they are based may be obtained from Nathan Jacobsen, Office of the Chief Counsel, State Water Resources Control Board, 1001 I Street, Sacramento, CA 95814. Any inquires concerning the proposed code amendments should be directed to Nathan Jacobsen at njacobsen@waterboards.ca.gov or by phone at (916) 341-5181.

The State Water Resources Control Board must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

The adoption of the proposed amendment will not impose a cost or savings on any state agency, local agency, or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) or Division 4 of the Government Code; will not result in any nondiscretionary cost or savings to local agencies; will not result in any cost or savings in federal funding to the state; will not impose a mandate on local agencies or school districts; and will not have any potential cost impact on private persons or businesses including small businesses.

TITLE 24. BUILDING STANDARDS COMMISSION

NOTICE OF PROPOSED ACTION TO BUILDING STANDARDS OF THE DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (HCD) REGARDING THE 2007 CALIFORNIA PLUMBING CODE (CPC) EMERGENCY REGULATIONS FILED WITH THE SECRETARY OF STATE ON AUGUST 4, 2009 CALIFORNIA CODE OF REGULATIONS, TITLE 24, PART 5, CHAPTER 16A, PART I HCD EF 01/09

Notice is hereby given that the California Building Standards Commission (CBSC) on behalf of the De-

partment of Housing and Community Development (HCD) proposes to adapt, approve, codify, and publish changes to building standards contained in the California Code of Regulations (CCR), Title 24, Part 5, Chapter 16A, Part I. HCD is proposing building standards related to graywater systems.

PUBLIC COMMENT PERIOD

A public hearing has not been scheduled; however, written comments will be accepted from **September 4, 2009, until 5:00 p.m. on October 19, 2009**. Please address your comments to:

**California Building Standards Commission,
2525 Natomas Park Drive, Suite 130
Sacramento, California 95833
Attention: Dave Walls, Executive Director**

Written comments may also be faxed to (916) 263-0959 or e-mailed to CBS@dgs.ca.gov.

Pursuant to Government Code Section 11346.5(a)(17), any interested person or his or her duly authorized representative may request, no later than 15 days prior to the close of the written comment period that a public hearing be held.

POST-HEARING MODIFICATIONS TO THE TEXT OF THE REGULATIONS

Following the public comment period, the CBSC may adopt the proposed building standards substantially as proposed in this notice or with modifications that are sufficiently related to the original proposed text and notice of proposed changes. If modifications are made, the full text of the proposed modifications, clearly indicated, will be made available to the public for at least 15 days prior to the date on which the CBSC adopts, amends, or repeals the regulation(s). The CBSC will accept written comments on the modified building standards during the 15-day period.

NOTE: To be notified of any modifications, you must submit written and/or oral comments or request that you be notified of any modifications.

AUTHORITY AND REFERENCE

The CBSC proposes to adopt these building standards under the authority granted by Health and Safety Code Section 18949.5. The purpose of these building standards is to implement, interpret and make specific the provisions of Health and Safety Code Sections 17922.12 and 18941.7. HCD is proposing this regulatory action based on Health and Safety Code Sections 17040, 17921, 17922 and 19990.

INFORMATIVE DIGEST

Summary of Existing Laws

Existing state law governs the erection, reconstruction, movement, enlargement, conversion, alteration, repair, removal, demolition or arrangement of apartment houses, hotels and dwellings, including accessory buildings, facilities and uses thereto.

The existing Health and Safety Code 17922.12 directs HCD to adopt and submit for approval at the next triennial code adoption cycle, building standards for the construction, installation, and alteration of graywater systems for indoor and outdoor uses.

Additionally, current state law requires the building department of every city, county and city and county to enforce regulations published in the California Building Standards Code, as well as other rules and regulations promulgated by HCD.

Summary of Existing Regulations

Existing building standards pertaining to this regulatory action are contained in the 2007 California Plumbing Code (California Code of Regulations, Title 24, Part 5). The regulations being modified by this action are contained in Appendix G which governs "Gray Water Systems". To correlate with the format of the 2009 model Plumbing Code, HCD proposed a new Chapter 16A, Part I "Nonpotable Water Reuse Systems" for adoption, which was filed with the Secretary of State as an emergency on August 4, 2009. Previous standards applicable to the construction, installation or alteration of graywater systems for subsurface irrigation and other safe uses, were not practical and the Legislature directed HCD to develop and modernize the graywater standards.

Summary of Effect

This regulatory action makes critically needed changes to California building standards pertaining to graywater systems for residential dwellings. Specifically, this action clarifies and makes specific the provisions of SB 1258 requiring HCD to develop within the 2009 triennial code adoption cycle, graywater building standards for statewide application to residential structures. Because SB 1258 was signed into law by the Governor and is currently in effect, these regulations clarify the requirements of these new provisions of law for the affected public.

An in-depth discussion of the effect of the amendments may be found in the Initial Statement of Reasons.

Comparable Federal Statute or Regulations

None.

Policy Statement Overview

The broad objective of these proposed building standards is to comply with the Governor's executive order,

proclamation and the purpose of SB 1258 (Ch. 172, Stats. of 2008). HCD proposes to continue the emergency regulations filed with the Secretary of State on August 4, 2009, and make them permanent in the 2007 California Plumbing Code (CCR, Title 24, Part 5):

- This bill charged HCD with developing building standards for the construction, installation, and alteration of graywater systems for residential application. The requirements of the bill specified that HCD:
 1. Convene and consult a stakeholders group that includes members with expertise in public health, water quality, geology or soils, residential plumbing, home building, and environmental stewardship.
 2. Ensure protection of water quality in accordance with applicable provisions of state and federal water quality law.
 3. Consider existing research available on the environmental consequences to soil and groundwater of short-term and long-term graywater use for irrigation purposes, including, but not limited to, research sponsored by the Water Environment Research Foundation.
 4. Consider how graywater use impacts human health.
 5. Consider the circumstances under which the use of in-home graywater treatment systems is recommended.
 6. Consider the use and regulation of graywater in other jurisdictions within the United States and in other nations.
- This bill specifies that a city, county or other local agency may adopt after public hearing and enactment of an ordinance or resolution, building standards that prohibit entirely the use of graywater, or building standards that are more restrictive than the graywater standards adopted by the CBSC.
- The proclamation directed state agencies to prioritize and streamline permitting and regulatory compliance actions for desalination, water conservation and recycling projects to provide drought relief.
- Upon adoption of graywater building standards, the provisions in the Water Code, specifically Section 14877.1, terminate the authority of the Department of Water Resources to adopt and update standards for the installation, construction, and alteration of graywater systems in residential occupancies.

Therefore, the specific objectives of these proposed regulations are to:

- Implement the provisions of the Governor's executive order, proclamation and SB 1258;
- Make permanent the emergency adoption of graywater building standards filed with the Secretary of State on August 4, 2009;

These building standards within the 2007 California Plumbing Code must remain in effect to ensure that California has clear and usable standards regarding the installation of graywater systems.

OTHER MATTERS PRESCRIBED BY
STATUTE APPLICABLE TO THE AGENCY
OR TO ANY SPECIFIC REGULATION
OR CLASS OF REGULATIONS

None.

MANDATE ON LOCAL AGENCIES
OR SCHOOL DISTRICTS

HCD has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts; and therefore, does not mandate state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

ESTIMATE OF COST OR SAVINGS

- Cost or Savings to any state agency: Health and Safety Code Section 17921 requires HCD to propose the adoption, amendment or repeal of building standards to the Commission pursuant to the provisions of Chapter 4 (commencing with Section 18935) of Part 2.5 of the Government Code. Part 2.5 of the Government Code requires state agencies to ensure that regulatory language meets the requirements of clarity and non-duplication. This proposed rulemaking incorporates specific provisions into one location with the California Building Standards Code to meet these requirements. This action will result in a minimal cost to HCD which will be absorbed in the current budget.
- Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: NONE.
- Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: NONE.
- Other nondiscretionary cost or savings imposed on local agencies: YES; Energy and water savings due to a reduction in the amount of water needed to satisfy residential demand.

- Cost or savings in federal funding to the state: NONE.

Estimate: The proposed regulatory changes may impose costs on manufacturers, installers, contractors and homeowners involved with the construction, installation or alteration of graywater systems. The extent of these costs is dependent on the use and type of system or features which have been designed into the system. The cost or savings of this regulatory action is unknown because the application of the building standards provides manufacturers, installers, contractors and homeowners specific requirements when designing and constructing graywater systems for residential occupancies. These proposed building standards have both prescriptive and performance criteria.

INITIAL DETERMINATION OF NO
SIGNIFICANT STATEWIDE ADVERSE
ECONOMIC IMPACT ON BUSINESSES

HCD has made an initial determination that the proposed action will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with business in other states. (See *Economic Impact of the Proposed California Plumbing Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

DECLARATION OF EVIDENCE

HCD has determined that there are minimal facts, evidence, documents, testimony, or other evidence upon which the agency relied to support its initial determination of no effect pursuant to Government Code Section 11346.5(a)(8). The public is welcome to submit any information, facts or documents either supporting HCD's initial determination or finding to the contrary.

FINDING OF NECESSITY FOR THE PUBLIC'S
HEALTH, SAFETY, OR WELFARE

HCD has made an assessment of the proposal regarding the economic impact of recordkeeping and reporting requirements and has determined that a report pursuant to Government Code Section 11346.3(c) is not required.

COST IMPACT ON REPRESENTATIVE PRIVATE
PERSON OR BUSINESS

HCD is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SMALL BUSINESS EFFECT

HCD has initially determined that a small business may be affected by these proposed regulations. (See *Economic Impact of the Proposed California Plumbing Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

HCD has initially assessed whether or not, and to what extent, this proposal will affect the following:

- The creation or elimination of jobs within the State of California.

These regulations will not affect the creation, or cause the elimination, of jobs within the State of California.

- The creation of new businesses or the elimination of existing businesses within the State of California.

These regulations will not affect the creation or the elimination of existing business within the State of California.

- The expansion of businesses currently doing business within the State of California.

These regulations will not affect the expansion of businesses currently doing business within the State of California.

(See *Economic Impact of the Proposed California Plumbing Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

INITIAL DETERMINATION OF SIGNIFICANT EFFECT ON HOUSING COSTS

HCD has made an initial determination that this proposal would not have a significant effect on housing costs. The CBSC contact person designated below will make HCD's initial evaluation of the effect of the proposed regulatory action on housing costs available upon request. (See *Economic Impact of the Proposed California Plumbing Code Regulations on Private Persons and Businesses in the State of California* in the rulemaking file.)

CONSIDERATION OF ALTERNATIVES

HCD must determine that no reasonable alternative considered by HCD, or that has otherwise been identified and brought to the attention of HCD, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less

burdensome to affected private persons than the proposed action.

AVAILABILITY OF RULEMAKING DOCUMENTS

All of the information upon which the proposed regulations are based is contained in the rulemaking file, which is available for public review, by contacting the person named below. This Notice, the Express Terms and Initial Statement of Reasons can also be accessed from the California Building Standards Commission website at <http://www.bsc.ca.gov>; in addition, the rulemaking documents will be posted on HCD's website at http://www.hcd.ca.gov/codes/shl/graywater_emergency.html.

Interested parties may obtain a copy of the Final Statement of Reasons, once it has been prepared, by making a written request to the contact person named below or at the California Building Standards Commission website or HCD's website.

AIR TOXICS HOT SPOTS PROGRAM — Proposed Revisions to the Technical Support Document for Cancer Potency Factors, Appendix C — Use of the Toxicity Equivalency Factor (TEF_{WHO-97} and TEF_{WHO-05}) Scheme for Estimating Toxicity of Mixtures of Dioxin-Like Chemicals

August 7, 2009

The Office of Environmental Health Hazard Assessment (OEHHA) is releasing a draft document, *Use of the Toxicity Equivalency Factor (TEF_{WHO-97} and TEF_{WHO-05}) Scheme for Estimating Toxicity of Mixtures of Dioxin-Like Chemicals* to solicit public comment. This is a revision to the previous version which appears as Appendix C of the *Technical Support Document for Cancer Potency Factors*. OEHHA is required to develop guidelines for conducting health risk assessments under the Air Toxics Hot Spots Program (Health and Safety Code Section 44360(b)(2)) and also to explicitly include consideration of possible differential effects on the health of infants and other subpopulations, according to the Children's Environmental Health Protection Act (Senate Bill 25, Escutia, Chapter 731, Statutes of 1999, Health and Safety Code Sections 39669.5 et seq.). OEHHA in 2009 adopted the revised *Technical Support Document for Cancer Potency Factors* ("the TSD") in response to these statutory requirements.

This draft document is designed to update Appendix C to the TSD, which describes how to estimate risks from exposure to dioxin-like chemicals. The existing appendix recommends use of a table of Toxicity Equivalence Factors (TEFs) which was published in 1997 by an expert committee convened by the World Health Organization (WHO). In 2005 the WHO committee published a revised table of TEFs, and this version of Ap-

pendix C to the TSD is designed to reflect this update and also to review recent scientific literature on this methodology.

We are seeking public comments on this document, following which the document and any comments received, along with OEHHA's response to these comments, will undergo review by the state's Scientific Review Panel on Toxic Air Contaminants.

The draft document became available on the OEHHA Home Page at <http://www.oehha.ca.gov> on August 7, 2009. The availability of the document on this site commenced the public review period. In response to a request from an interested party, the comment period has been extended by two weeks, to September 21, 2009.

Please direct any inquiries concerning technical matters or availability of this document to Dr. Andrew G. Salmon at (510) 622-3191 or <mailto:asalmon@oehha.ca.gov>.

Please send comments regarding the document, preferably by email as above, or in writing to:

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

California Environmental Protection Agency
Notice to Interested Parties

September 4, 2009

ANNOUNCEMENT OF EXTENSION OF PUBLIC COMMENT PERIOD

Proposed Public Health Goal for Antimony in Drinking Water

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is hereby announcing a 30-day extension of the public comment period on the draft technical support document for the proposed Public Health Goal (PHG) for antimony in drinking water. Written comments must now be received at the OEHHA ad-

dress below by 5:00 p.m. on October 13, 2009 to be considered during this document revision period.

The draft PHG document is currently posted on the OEHHA Web site (www.oehha.ca.gov) and OEHHA is soliciting comments on it from all interested parties. The Office has previously announced a public workshop to be held on September 10, 2009 at the Elihu Harris Building, 1515 Clay Street, Oakland, 94612, Room 12, 10 a.m.-12 noon, or until business is concluded. This workshop will be held as scheduled. OEHHA follows the requirements set forth in Health and Safety Code Sections 57003(a) and 116365 for conducting the workshop and receiving public input.

The PHG technical support documents provide information on the health effects of contaminants in drinking water. The PHG is a level of drinking water contaminant at which adverse health effects are not expected to occur from a lifetime of exposure. The California Safe Drinking Water Act of 1996 (Health and Safety Code Section 116365), amended 1999, requires OEHHA to develop PHGs based exclusively on public health considerations. PHGs published by OEHHA will be considered by the California Department of Health Services in setting drinking water standards (Maximum Contaminant Levels, or MCLs).

If you would like to receive further information on this announcement or have questions, please contact our office at (510) 622-3170 or the address below.

RE: Unauthorized Regulations at Coalinga State
Hospital

Dear Ms. Eddy,

I am an attorney who represents a number of individuals who are confined at Coalinga State Hospital (CSH). In the course of my work I have become concerned that some of the procedures at place at that facility may run afoul of the Administrative Procedures Act (APA). (See Gov. Code section 11340 et seq.) At one point I made a request under the Public Records Act (PRA) (Gov. Code Sections 6350 et seq.) for CSH policies on shakedowns and searches. In response, the Department of Mental Health (DMH) sent me a copy of

Administrative Directive Number 820, with more than half of the pages redacted. (Please see Attachment.)

The APA was “designed in part to prevent the use by administrative agencies of ‘underground’ regulations” and provides that “[n]o state agency shall issue, utilize, enforce, or attempt to enforce any guideline, criterion, bulletin, manual, instruction, order, standard of general application, or other rule, which is a regulation as defined in [Government Code] Section 11342.600, unless the guideline, criterion, bulletin, manual, instruction, order, standard of general application, or other rule has been adopted as a regulation and filed with the Secretary of State” (*California Advocates for Nursing Home Reform v. Bonta* (2003) 106 Cal. App. 4th 498, 506, citing Gov. Code, § 11340.5, subd. (a).) If DMH refuses to reveal CSH’s search policy to the public through a valid request under the PRA, the policy cannot be said to satisfy the requirements of the APA.

Another concern I have is that this policy appears to provide for the search and confiscation of items belonging to individuals without a prior determination of good cause. It is well established that “[p]ersons with mental illness have the same legal rights and responsibilities guaranteed all other persons by the Federal Constitution and laws and the Constitution and laws of the State of California, unless specifically limited by federal or state law or regulations.” (*In re Qawi* (2004) 32 Cal. 4th 1, 17, citing Welf. & Inst. Code §5325.1, see also *In re Calhoun* (2004) 121 Cal. App. 4th 1315, 1345; U.S. Amend. IV, XIV, Cal. Const. art. 1, sec. 1, 7, 15.) Even in a locked psychiatric facility where staff may enter a person’s room to provide treatment, a patient can “reasonably expect to be free from unauthorized intrusions by the staff.” (*People v. Fond* (1999) 71 Cal. App. 4th 127, 131.) Welfare and Institutions Code section 5326 provides that delineated rights can only be denied for good cause, but A.D. 820 authorizes random searches.

In light of all the above, please review this A.D. No. 820 and other related CSH policies, that may be unavailable to the public, to determine whether they are unlawful underground regulations. Thank you.

Sincerely,

/s/

BOARD OF OCCUPATIONAL THERAPY

Continuing Competency

The purpose of this rulemaking is to amend Title 16, section 4161 of the California Code of Regulations to redefine time requirements for earning a professional development unit (PDU) for continuing competency requirements from 50 minutes to 1 hour. This amendment also changes PDU credit for supervising students from 240 hours equaling 2 PDUs to 60 hours for .5 PDU. Additionally this rulemaking expands the types of professional development activities which would qualify for earning PDUs to include attending board meetings for BOT and board outreach activities.

**DEPARTMENT OF HOUSING AND COMMUNITY
DEVELOPMENT****Manufactured Home/Commercial Modular Fire
Construction Standards**

This is the certificate of compliance making permanent the prior emergency regulatory actions (OAL file nos. 2008-0820-01ER, 2009-0205-02EE, and 2009-0515-03EE) that incorporates by reference the new OSFM building standards (Title 24, California Building Code, Part 2, Chapter 7A) recently approved by the California Building Standards Commission and applies them to manufactured homes, mobilehomes, multifamily manufactured housing, and commercial modulars built or installed in a Wildland-Urban Interface Fire Area. These regulations provide minimum standards for the design, materials and construction methods for roofs, roof coverings, roof assemblies, attic eaves and cornice vents, and exterior wall coverings for manufactured homes, mobilehomes, multifamily manufactured housing, or commercial modulars installed, or intended to be installed, in a State Responsibility Area or a Local Responsibility Area, on or after September 1, 2008, in order to resist the intrusion of flame or burning embers projected by a vegetation fire on or into these structures in the same manner as conventionally constructed structures. The Department also established exceptions to this requirement in response to public comment.

EDUCATION AUDIT APPEALS PANEL
Audits of K-12 LEAs - FY 2009-10

The Education Audit Appeals Panel proposed amendments to title 5 audit guide regulations as changes without regulatory effect pursuant to title 1, California Code of Regulations, section 100. The proposed action was related to title 5 audit guide regulations adopted as emergency regulations on 6/29/09 in OAL File No. 2009-0617-03E.

In this action, amendment to title 5, California Code of Regulations, section 19816 was approved to re-instate the subdivision (e) definition of "Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards" that applied to fiscal years 2003-04 through 2008-09 prior to the emergency amendment of this definition. Pursuant to Education Code section 14502(b), the emergency definition can only apply commencing with fiscal year 2009-2010. The re-instated definition includes indicate their applicability to fiscal years 2003-2004 through 2007-2008, and the emergency adopted definition is retained and renumbered, with language added to indicate its applicability to fiscal years 2009-2010 and following.

Education Audit Appeals Panel also proposed amendments to several title 5 audit guide regulations

pertaining to audits of Community Day Schools. These sections were withdrawn.
